**Letter of commitment to the priorities of the Concordat for the Environmental Sustainability of Research and Innovation Practice**

I, Dr Stuart Wainwright, on behalf of UK Centre for Ecology & Hydrology, confirm our commitment to the priority areas outlined in the Concordat for the Environmental Sustainability of Research and Innovation Practice.

UKCEH fully supports the priority areas outlined in Concordat. We will deliver against all the priorities in practice and recognise our responsibilities as a signatory, as set out in the Concordat.

By signing this Concordat, we recognise the need to change how we conduct research and innovation as well as promote wider solutions. We also agree to take shared action now and into the future to reduce and eliminate our own environmental impacts and emissions and achieve the transition to sustainable practices.

As a world-leading research institute, UKCEH advances the vital environmental science that governments, businesses, NGOs and researchers rely on to meet the great challenges of our time. We are proud to demonstrate environmental leadership through our own actions; and are committed to carrying out our scientific research in a way that minimises our impact on the environment.

Yours sincerely,

**Dr Stuart Wainwright**  
**Chief Executive**  
**UK Centre for Ecology & Hydrology (UKCEH)**
